### **What do you enjoy about being a part of the Queensbury school community?**

"I enjoy working with such a wonderful staff, as well as getting to know many of our students."

"I love the energy in the Middle School! It's rewarding to work with individual students and help to make a difference in their school experiences. I also feel fortunate to work in an environment with true camaraderie among my coworkers, both within the school psychology department and with my office-mates in the Middle School Counseling Center."

### **When you're not working, what are some of your favorite interests and activities?**

"I enjoy cooking, and love experimenting with new recipes. My family and I spend time each summer at Blue Mountain Lake, where we love to hike, kayak, etc. I also enjoy time with our three dogs."

"I am married and have two young boys, so my husband and I find ourselves becoming more and more busy with the kids' activities. As a family, we love to ski and hike, as well as spend summers in Huletts Landing on Lake George. I'm looking forward to paddle boarding this summer!"

### **In what ways do you try to support the greater Queensbury community and/or specific charitable organizations/groups?**

"I have participated in various volunteer opportunities in our church. My family and I also advocate for and have worked with a dog rescue organization."

"Something that is a priority to me is buying local and supporting our community businesses, whether it be farmers markets or locally owned restaurants and shops. My kids take part in activities offered through our community, and as a family, we contribute to many charities and fund raising events."
