

June 2013 - Week 1

**Steven Logan,
District
Coordinator**

Computer Coordinator

Steven Logan has worked in the district for 29 years. He is the district computer coordinator, and his office is located at Queensbury Middle School.

What do you enjoy about being a part of the Queensbury school community?

"I enjoy working with a very talented group of individuals, each of whom are dedicated to making Queensbury the best school in the region."

"I love working in such a close-knit community with such wonderful teachers and staff. The people I work with every day are so kind-hearted, caring, and helpful, and I appreciate the fact that I get to work in such a nice environment. I also love working with elementary students - the kids never fail to put a smile on your face. As the school librarian I get to share so many great books with kids, and there is nothing better than reading a book that makes them laugh out loud."

When you're not working, what are some of your favorite interests and activities?

"I like swimming, hiking, photography and travel. Most of all I enjoy spending time with my family and friends."

"I play violin and still continue to take lessons in Saratoga. I'm an avid reader, and I love finding the next book in a great series. I love being outside, whether it's gardening or hiking in the Adirondacks with my husband, or going for a walk with my dog, Oscar. I also love to cook and eat!"

In what ways do you try to support the greater Queensbury community and/or specific charitable organizations/groups?

"I participate in school, church and community fund raisers throughout the year. My wife and I also contribute to the American Cancer Society, Adopt-an-angel and the American wildlife federation."

"I like to support local businesses and buy local whenever I can. I also support the local SPCA and animal adoption groups."

**Sara Oliver,
Elementary Librarian (Class of 2004)**

This Queensbury High School alumna from the class of 2004 has worked in the district for three years. She is a librarian at Queensbury Elementary School.
